"The Streatham Hill Theatre is certainly gorgeous and I love the idea of any theatre anywhere, especially in South London which is my home and always will be. I totally support the amazing efforts of the Friends to reuse this gem of a building for the community as an arts and creative hub for South London - it mustn't be replaced or allowed to remain sleeping!

"Well done to all who have pledged to the crowdfund so far, and the news of the generous pledge from the Mayor of London through Crowdfund London is great to hear. Please keep pledging at save.streathamhilltheatre.org and spread the word to get the final run of pledges in by the 25th May so that all the ones to date aren't lost!

"I very much look forward to the day when I and many other actors are able to add to the history of performances on the stage of the Streatham Hill Theatre!"
